State Rank Definitions:					
S1 = critically imperiled in KS; 5 or fewer occurrences					
S2 = imperiled in KS; 6-20 occurrences					
S3 = rare in KS; 21-100 occurrences					
S4 = apparently secure in KS; many occurrences					
S5 = demonstrably secure in KS					
SE = exotic in KS					
SH = of historical occurrence in KS, not seen in 30 years					
SX = apparently extirpated in KS					
SR = reported in KS but without persuasive documentation					
SRF = reported falsely in KS; see "Excluded Taxa" worksheet
